Health Screening Preparation Tips

- * Fast at least 8 hours the night before your health screening. Drink only plain water until your appointment for accurate blood test results.
- * Do postpone any routine morning medication until after your blood sample is taken.
- * You may continue to take your BP medication before your check up.
- * Please do not consume alcohol at least 24 hours before your health screening.

Health Screening Preparation Tips for Ladies

- * Please call to reschedule your appointment if you are menstruating on the day of your appointment.
- * Book your appointment 10-14 days after the start of your period for urine and pap smear tests.
- * Let us know if you are pregnant or suspect you might be, as X-rays and mammograms are not recommended during pregnancy.
